

## 2015 Winter News

Navtech USSA

- Navtech USSA begins its 28th year! Thank you for making us the oldest most successful marine surveyor training school—worldwide. Marine Surveying is a worldwide profession not governed by one particular organization....but by many! Choose the best for your training.
- *\*Thinking of enrolling? We have discount packages available for our most popular trainings. Please call headquarters to take advantage of the rotating discounts. We also have discounts for multiple members of businesses and families.*
- 2015 Special for new students and members: Our surveyor/attorney is offering 30 minutes of consultation time—at no charge. You must be issued your member number before you can take advantage of this incredibly generous offer! Call headquarters for details.
- Fishing Vessel Inspection Certification Rules change in October of 2015. Please pay attention if you are a fishing vessel inspector.
- Former Students, Former Members and New Members:
- Yes, banks, underwriters and insurance companies check our website often to verify your credentials. Please make sure you have renewed to avoid inactive status and removal from your state on our roster! If you do not see your name on the roster you have not renewed or you have not finished your exams and posted. You cannot see the Members Only site if you have not posted your listing to your state.
- To those of you retiring, we wish you well and a time in your life that you finally get to do what you want, when you want.
