NAVTECH MARINE SURVEYORS COURSE AND GUIDE

1-800-245-4425 email: navsurvey@aol.com

Welcome to the profession! You must enroll in MMS, for a certificate number:

A marine surveyor is an impartial, objective representative who is hired to determine the value, condition and/or seaworthiness use of a vessel. Marine Surveyors are usually self-employed, independent contractors who are inspecting vessels for sale, purchase, insurance, or finance, or for cargo, salvage and damage, to determine loss in emergencies, disasters, theft, and piracy.

Prerequisite Knowledge: This course is for the boating professional, seasoned boating enthusiast, hobbyist or person/mariner with strong boating familiarity and knowledge. If you are unsure where you stand, please visit the website and take the quick quiz. Our members and students have included beginning, intermediate and experienced surveyors, or boat captain, crew engineer, Mechanic, marina owner, adjuster, investigator, fisherman, boat builder, mechanic, service, maintenance specialists, and recreational enthusiasts. Among our members are retired USCG, DOD and Navy personnel as well as USCGAUX and Power Squadron participants.
